PROFESSIONAL EXPERIENCE

● Front-end Developer

[HTTPS://CARMEN-IANCU-PORTFOLIO.HEROKUAPP.COM/](https://carmen-iancu-portfolio.herokuapp.com/)

Self-taught front-end developer with a taste for simplicity in building esthetic, responsive web pages using HTML5, CSS3, Bootstrap4, JS, Git + Github, NPM, React.js.

Built landing pages with working subscribe buttons using the MailChimp service, a face-recognition app using Clarifai API, sign in and register forms.

Used .js libraries like three.js or particles.js.

Contributed to open-source projects as part of Hacktoberfest 2018 with building search buttons and pure CSS art.

Deployed web sites on heroku app.

Interested in developing back-end workable knowledge. Used Node.js and PostgreSQL for one project.

● Consolidations and Financial Reporting Accountant

VERTIV SRL

2016-2017

US GAAP consolidation of reporting packages for Vertiv EMEA.

Financial reporting

● Collection Specialist / Customer Financial Services Representative

EMERSON SRL

2013-2015

Pre-collection and collection processes, dispute management and customer database management for the entire Benelux portfolio.

Credit risk and credit management tasks.

Reporting (Accounts Receivables report).

EDUCATION

● Master Degree, Econometrics and Applied Statistics

BABES-BOLYAI UNIVERSITY, FACULTY OF ECONOMICS AND BUSINESS ADMINISTRATION

2010-2012

● Bachelor Degree, Accounting and Management Information Systems

BABES-BOLYAI UNIVERSITY, FACULTY OF ECONOMICS AND BUSINESS ADMINISTRATION

2007-2010
